

amelia tree conservancy

Online Self-Guided Tree Tour

Many of the treasured trees of Amelia Island have been identified and located on an interactive map along with descriptions and information about each tree or location. The purpose of this flyer is to provide you with the necessary information you need to visit each location on the online interactive map.

The technical tools you will need to take this tour include a smartphone or comparable device with internet access that has the free app called Barcode Scanner or a similar alternative scanning app installed that can read the QR code shown on the

left. As an alternative, the following link can be typed into the URL address bar of the internet browser on your phone or computer: <http://bit.ly/1mvSDNV>
